

Jessenhofke

Newsletter
March 2010

Availability of stock on website

As we have launched more products last year, it can happen that a product is temporarily unavailable. We have created a page on our website where you can check whether the requested product is available. We will add new products in the next months. More news about our new beers in the next newsletters.

USA

After 1 year of preparation with FDA, local administrations, organic representatives & our import-company we will start shipping our Jessenhofke Triple to California in 75cl bottles end of this month. Waterloo Beverages will do the distribution in San Francisco. This is the 9th country where Jessenhofke is available after the Netherlands, France, Sweden, Germany, Denmark, Italy & Spain. In the last 3 countries distribution is just starting up or on a low level and negotiations have started with possible import companies.

EKO-Motiv 1.0

We participated in the official opening of this event in the Vooruit in Gent. At this event you can see how you can live ecologically & durable. Some strong projects, original initiatives & surprising designers & art makers were presented. You can visit it daily until 21 March from 14h to 22h.

Agenda also available on our site

18 March	Proeverij - Hof van Zichem
20 March 2010	Bierschuur - Poppel
21 March 2010	Bierfestival - Goes
26 March 2010	Table d'amis Jessenhofke - Kuringen
28 March 2010	Marlou - Zonhoven
