## Best ecological restaurant of Sweden offers all Jessenhofke beers

Salto & brygga in Malmo is trying to work as ecological as possible. They offer only organic meals which are accompanied by organic drinks. They won already several prizes. Now they have won the (organic) icing on the cake by being rewarded the 'most ecological restaurant of Sweden'. They won the prize by well separating all garbage, the use of sun roofs for their electricity, the painting was done with paint based on water, the floors & ceilings were covered by noise lowering materials and natural materials were used for the decoration of the restaurant. They cook with local vegetables at the time they are at his best and where possible Fair Trade. An extended list of tea is being offered at the end of the meal. Congratulations to the owners & thanks from us to offer our Jessenhofke beers in such a wonderful restaurant.

## Brewing days May

During the weekend of 23 & 24 May we will again experiment in our demo brewery. On Sunday we will brew a beer with Palm sugar and on Monday we will brew a chocolate beer using Fair Trade organic chocolate of South America. Follow all the news about these experiments on our blog. You can still subscribe for both brewing days. Send a mail.
